Thursday 29th June

09.30 – 09.35
WELCOME
Mike Jenkins, BSET President

09.35 – 10.10
ROULEAUX CLUB SYMPOSIUM
Chairs: Mike Jenkins & Phil Stather

Endovascular training in 2017
Celia Riga

Advanced training in endovascular procedures
Martin Claridge

Rouleaux Club Presentation
Phil Stather

10.10 – 10.50
ABSTRACT SESSION 1 – 6 papers 6 (4+2) minutes
Chairs: Paul Hayes and Colin Bicknell

10.10 – 10.16
Trajectory and sequence analysis of elective AAA repair: 5 year follow up
A Rao¹ C Bicknell² A Bottle¹ A Darzi² P Aylin²
¹Dr Foster Unit, Imperial College London ²Department of Surgery and Cancer, Imperial College London

10.16 – 10.22
Premorbid function, comorbidity, and frailty predict outcomes after elective abdominal aortic aneurysm repair
D Bowen, MM Chowdhury, JR Boyle, K Varty, PA Coughlin
Department of Vascular Surgery, Addenbrooke’s Hospital, Cambridge

10.22 – 10.28
A questionnaire based survey to ascertain UK clinicians' preferences for the management of a complex abdominal aortic aneurysm
E Atkins¹ R Narlawar² F Torella³ G Antoniou¹
¹Department of Vascular Surgery, The Royal Oldham Hospital, Pennine Acute Hospitals NHS Trust, Manchester ²Department of Radiology, The Royal Oldham Hospital, Pennine Acute Hospitals NHS Trust, Manchester ³Liverpool Vascular and Endovascular Service, Royal Liverpool University Hospital,
Liverpool

10.28 – 10.34
**Post-implantation syndrome following endovascular aneurysm sealing for abdominal aortic aneurysm**
K Stenson, J De Bruin, P Holt, I Loftus
St George's Vascular Institute, London

10.34 – 10.40
**Repair of ruptured AAA: 5-year follow-up of high-impact users**
A Rao1 C Bicknell2 A Bottle1 A Darzi2 P Aylin1
1Dr Foster Unit, Imperial College London 2Department of Surgery and Cancer, Imperial College London

10.40 – 10.46
**Abdominal Aortic Artery Calcification (AAAC) scores are associated with poor overall and cardiovascular outcomes in patients with Abdominal Aortic Aneurysms (AAA)**
MM Chowdhury, LP Zielinksi, JJ Sun, SC Harrison, JR Boyle, PA Coughlin
Department of Vascular Surgery, Addenbrooke’s Hospital, Cambridge

10.50 - 11.10
**GUEST LECTURE**
Chairs: Paul Hayes and Colin Bicknell

Deep venous stenting:
**Determinants of success - Patient selection, placement, post operative care and profit**
Peter Neglén

11.10 – 11.40
**COFFEE**

11.40 – 11.55
**GUEST LECTURE**
Chairs: Mike Jenkins and Peter Neglén

Endovenous treatments for venous ulceration – current concepts and the EVRA trial
Manj Gohel

11.55 – 12.15
**SOCIETY SPONSOR: MEDTRONIC**
Simple Solutions for Complex Patients  
Vincent Riambau

12.15 - 12.45  
**THE AORTIC ARCH**  
Chairs: Bijan Modarai and Donald Adam

*Surgical approaches to treating dissection around the aortic arch*  
Ulrich Rosendahl

*The current state of aortic arch branch stenting*  
Mo Hamady

12.45 – 13.00  
**THE PAPER THAT CHANGED MY PRACTICE**  
Chairs: Bijan Modarai and Donald Adam

Hence Verhagen  
Rob Williams

13.00 – 14.00  
**LUNCH**

14.00 – 14.20  
**GUEST LECTURE**  
Chairs: Rachel Bell and Rao Vallabhaneni

*Acute aortic syndrome: Current concepts*  
Firas Mussa

14.20 – 15.00  
**ABSTRACT SESSION 2 – 6 papers 6 (4 + 2) minutes**  
Chairs: Rachel Bell and Rao Vallabhaneni

14.20 – 14.26  
*Anatomical Applicability of Endovascular Aneurysm Sealing Techniques in a Continuous Cohort of*
Fenestrated Endovascular Aneurysm Repairs
I Roy1, 2 M Gharib1 Zerwes3 R Jakob3 F Torella1, 4 R McWilliams5 R Fisher1, 4
1Liverpool Vascular & Endovascular Service 2Institute of Ageing & Chronic Disease, University of Liverpool 3Department of Vascular Surgery, Hospital of Augsburg, Germany 4School of Physical Sciences, University of Liverpool 5Department of Interventional Radiology, Royal Liverpool Hospital

14.26 – 14.32
Midterm Results Following Repair of Short Neck and Juxtarenal Aortic Aneurysms with the Fenestrated Anaconda Endograft
K Forbes, AS Patel, M Chaudery, J Brownrigg, M Cleanthis, A Hatrick, DJ Gerrard
Frimley Health NHS Foundation Trust

14.32 – 14.38
Endograft infection after endovascular aneurysm repair: A systematic review and meta-analysis
I Asghar, C Argyriou, GS Georgiadis, MK Lazarides, E Georgakarakos, GA Antoniou
Department of Vascular and Endovascular Surgery, The Royal Oldham Hospital, Pennine Acute Hospitals NHS Trust, Manchester

14.38 – 14.44
Survival after infrarenal EVAR. Experience of 387 EVAR patients with and without adverse post-operative surveillance findings
T Hardy, S Hossaini, A Dhillon, J Olivier, T Ward, K Balasubramania, K Augustine, R Keoghan, J Coulston, P Eyers, K Darvall, I Hunter, A Stewart
Musgrove Park Hospital

14.44 – 14.50
Proof on Concept: Semi-automated Alignment of EVAR Surveillance Radiographs - Increasing the Sensitivity to Device Migration and Distortion
I Roy1, 2 Y Zheng2 G Czanner2, 3 R Williams2 S R Vallabhaneni1, 2
1Liverpool Vascular & Endovascular Service 2Institute of Ageing & Chronic Disease, University of Liverpool 3Department of Biostatistics, University of Liverpool

14.50 – 14.56
Minimally Invasive Fistula Salvage: The Success of Endovascular Interventions
C Dawkins1 K Overbeck1 M Karasek2
1Department of Vascular Surgery, Sunderland Royal Hospital 2Department of Radiology, Sunderland Royal Hospital

15.00 – 15.20
SOCIETY SPONSOR: GORE
Chairs: Chris Twine and Patrick Coughlin
15.20 – 15.40
QUICK FIRE DEBATE
Chairs: Chris Twine and Patrick Coughlin

Infrarenal aortic aneurysms should be repaired at 5cm to save more lives
Rao Vallabhaneni vs Matt Thompson

15.40 – 16.10
TEA

16.10 – 16.20
BSET SPONSORED PAPERS
Chairs: Paul Hayes and Ray Ashleigh

The Effect of Internal Iliac Artery Exclusion for Patients Undergoing EVAR
Dave Bosanquet

Setting a standard for post market registries
Graeme Ambler

16.20 - 16.40
QUICK FIRE DEBATE
Chairs: Paul Hayes and Ray Ashleigh

Endovascular treatment of the CFA is not safe or durable, surgical treatment is the gold standard
For: Bijan Modarai
Against: Rob Williams

16.40 - 17.00
SOCIETY SPONSOR: COOK
Chairs: Paul Hayes and Ray Ashleigh

Zenith Alpha – The Next Generation
Mark Tyrrell, Guy’s & St Thomas’ Hospital
Cook Medical—educational programmes supporting clinician development
Declan Dunne, Cook Medical

17.00 – 18.00
AORTIC PRIZE Abstract Session – 6 papers 9 (6 + 3) minutes
Chairs: Mike Jenkins, Firas Mussa & Hence Verhagen

17.00 – 17.09
Cardiovascular risk in patients screened for AAA
DA Sidloff, A Saratzis, RD Sayers, MJ Bown
University of Leicester, Department of Cardiovascular Sciences, Leicester

17.10 – 17.19
No evidence of a 'weekend effect' in the management of acute abdominal aortic aneurysm in the UK
GK Ambler1,2 NBG Mariam3 U Sadat3 PA Coughlin3 IM Loftus4 JR Boyle3
1South East Wales Vascular Network, Aneurin Bevan University Health Board, Royal Gwent Hospital, Newport 2Division of Population Medicine, Cardiff University, Cardiff 3Cambridge Vascular Unit, Cambridge University Hospitals NHS Foundation Trust, Cambridge 4St George’s Vascular Institute, London

17.20 – 17.29
Have we become risk averse in treating abdominal aortic aneurysms after introduction of surgeon specific mortality data reporting?
A Saratzis1 D Sidloff1 MJ Bown1 CH Imray2 RD Sayers1
1Department of Cardiovascular Sciences and Leicester NIHR Cardiovascular Biomedical Research Unit, Leicester University, Leicester 2University Hospital Coventry and Warwickshire, Coventry

17.30 – 17.39
Comparative Analysis of the Outcomes of Elective Abdominal Aortic Aneurysm Repair in England and Sweden: Context for Contemporary Practice
MJ Grima1 A Karthikesalingam1 PJ Holt1 A Vidal-Diez1 MM Thompson1 A Wanhainen2 M Bjorck2 K Mani2
1St George’s Vascular Institute 2Department of Surgical Sciences, Section of Vascular Surgery, Uppsala University, Uppsala, Sweden

17.40 – 17.49
Variation in ruptured AAA mortality in the UK
DA Sidloff, O Jones, A Saratzis, RD Sayers, MJ Bown
University of Leicester, Department of Cardiovascular Sciences

17.50 – 17.59
Personalised EVAR Surveillance Intervals Based on Stratification of Individual Patient Risk of
Secondary Intervention from Readily Measurable Parameters

I Roy1, 2  G Czanner2, 3  S R Vallabhaneni1, 2
1Liverpool Vascular & Endovascular Service 2Institute of Ageing & Chronic Disease, University of Liverpool 3Department of Biostatistics, University of Liverpool

18.00 -18.15
THE PRESIDENTS’ DEBATE
Introduced by Colin Bicknell

The standards in vascular surgery are slipping quickly – we must radically change the training of vascular surgeons
For: Mike Jenkins
Against: Rob Sayers

FRIDAY 30TH JUNE

08.30 - 09.10
ABSTRACT SESSION 3 – 6 papers 6 (4 + 2) minutes
Chairs: Rick Gibbs and Colin Bicknell

08.30 – 08.36
UK Trainee Exposure to Aortic and Venous endovascular practice
T R A Lane1, 2, 3  J Pancholi1, 4  P Stather1, 5  Rouleaux Club6
1Vascular and Endovascular Research Network 2Imperial College London 3Imperial College Healthcare NHS Trust 4University of Leicester 5Addenbrooke’s Hospital, Cambridge University Hospitals NHS Foundation Trust 6Rouleaux Club

08.36 – 08.42
Trainee Experience of Simulation Training in Vascular Surgery
H.C. Travers1  R.A. Benson2  P.W. Stather3  S Renton4
1Sandwell General Hospital, Birmingham 2University Hospital Coventry and Warwickshire, Coventry 3Addenbrooke’s Hospital, Cambridge 4West London Vascular and Interventional Centre, Northwick Park, Harrow

08.42 – 08.48
Systematic review and meta-analysis of endovascular treatment for acute mesenteric ischaemia
M El Farargy1  A Abdelhadi1  M Abou Eisha1  K Bashaeb2  GA Antoniou1
1Department of Vascular Surgery, Pennine Acute Hospitals NHS Trust 2Department of Radiology, Pennine Acute Hospitals NHS Trust
08.48 – 08.54
Systematic review and meta-analysis of Carotid endarterectomy versus Carotid artery stenting versus Best medical therapy for asymptomatic carotid artery disease
M Barkat1 I Roy1, 2 S A. Antoniou 3 F Torella1, 4 G A. Antoniou5
1Liverpool Vascular and Endovascular Service, Royal Liverpool University Hospital, Liverpool 2Institute of Ageing and Chronic Disease, University of Liverpool, Liverpool 3Department of Surgery, University Hospital of Heraklion, University of Crete, Heraklion, Greece 4School of Physical Sciences, University of Liverpool, Liverpool 5Department of Vascular and Endovascular Surgery, The Royal Oldham Hospital, Pennine Acute Hospitals NHS Trust, Manchester

08.54 – 09.00
Factors predicting outcome following catheter-directed thrombolysis in lower limb arterial occlusion
H Abbas P Maghsoudlou S Kotecha L Mihaila L Biasi T Donati M Sallam H Zayed SD Patel
Guy's and St Thomas’ Hospitals NHS Foundation Trust

09.00 – 09.06
Comparison of outcomes following infra-popliteal plain balloon angioplasty in the Bypass versus Angioplasty in Severe Ischaemia of the Leg (BASIL) trial (1999-2004) and in a contemporary UK series (2009-2013)
MA Popplewell1 HO Davies1 M Renton1 G Bate1 S Patel2 J Deeks2 AW Bradbury1
1University of Birmingham, Department of Vascular Surgery 2Department of Statistics Birmingham Clinical Trials Unit

09.10 – 09.25
BSET FELLOWSHIP REPORTS
Chairs: Rick Gibbs and Colin Bicknell

BSET Fellowship Update
Rick Gibbs

BSET Fellowship 2016-17
Rachel Barnes

09.25 – 09.35
GOLD SPONSOR: BOLTON MEDICAL
Chairs: Rick Gibbs and Colin Bicknell

Establishing a thoracic aortic service and issues treating the aortic arch
Nick Matharu, Walsgrave Hospital
09.35 – 09.55
GUEST LECTURE
Chairs: Donald Adam and Vincent Riambau

How can we rationalise aortic stent surveillance?
Hence Verhagen

09.55 – 10.05
GOLD SPONSOR: ENDOLOGIX
Chairs: Donald Adam and Vincent Riambau

Nellix: Where are we now?
Matt Thompson, Chief Medical Officer, Endologix

10.05 – 10.20
THE PAPER THAT CHANGED MY PRACTICE
Chairs: Donald Adam and Vincent Riambau

Peter Neglén
Firas Mussa

10.20 – 10.50
COFFEE

10.50 – 11.20
VASCULAR SOCIETY SESSION
Chairs: Rob Sayers & Jon Boyle

ASPIRE update
Ian Chetter

Making the case for run through training in vascular surgery
Mark McCarthy

Curriculum and Training Programme Director update
Andy Garnham
11.20 – 11.30
GOLD SPONSOR: LOMBARD MEDICAL
Chairs: Rob Sayers & Jon Boyle

One-year experience with the ALTURA stent graft
Jon Ghosh, University Hospital South Manchester

11.30 – 11.50
MANAGING SERVICES IN THE NHS
Chairs: Rob Sayers & Jon Boyle

The current climate – GIRFT
Mike Horrocks

Commissioning: The Clinician’s perspective
Rachel Bell

Commissioning: The Industry perspective
Matt Thompson

11.50 - 12.00
GOLD SPONSOR: VASCUTEK
Chairs: Rachel Bell and Hany Zayed

The longer term results of the Fenestrated Anaconda Stent Graft
Dr Rob Williams, Freeman Hospital, Newcastle

12.00 – 13.00
PERIPHERAL PRIZE ABSTRACT SESSION – 6 papers 9 (6 + 3) minutes
Chairs: Rachel Bell and Hany Zayed

12.00 – 12.09
Medium-term results of venous stenting for acute ilio-femoral vein thrombosis
J Silickas¹ P Saha¹ A Smith¹ A Gwozdz¹ B Hunt² B Cohen² K Breen² V McDonald² N Karunanithy³ S Black¹
¹Academic Department of Vascular Surgery, King’ College London, London ²Clinical Haematology Department, Guy’s and St Thomas’ NHS Foundation Trust, London ³Interventional Radiology Department, St Thomas’ Hospital, London

12.10 – 12.19
Stenting across the inguinal ligament in post thrombotic syndrome using nitinol venous stents: one-year patency outcomes
P Saha¹ AM Gwozdz¹ T El-Sayed¹ N Karunanithy² K Breen³ BJ Hunt³ AT Cohen³ V McDonald³ A Smith¹ S Black¹
¹Academic Department of Vascular Surgery, Cardiovascular Division, King’s College London
²Department of Interventional Radiology, St. Thomas’ Hospital, London ³Department of Haematology, St. Thomas’ Hospital, London

12.20 – 12.29
Quantifying potential radiation exposure in real life endovascular cases - implications for practice
E Atkins¹ A Mayes² R McBride¹
¹Department of Vascular Surgery, The Royal Oldham Hospital, Pennine Acute Hospitals NHS Trust, Manchester ²Department of Radiology, The Royal Oldham Hospital, Pennine Acute Hospitals NHS Trust, Manchester

12.30 – 12.39
Supervised Exercise Therapy versus Percutaneous Angioplasty versus Combined Angioplasty and Exercise for Intermittent Claudication: Systematic Review and Bayesian Network Meta-Analysis of Randomized Controlled Trials
H Elwan, R Brar, SD Patel, L Biasi, T Donati, T Lea, K Katsanos, H Zayed
Guy's and St Thomas’ NHS Foundation Trust

12.40 – 12.49
An Anatomical and Morphological Assessment of Common Femoral Disease and Potential Suitability for Endovascular Intervention
JJ Sun, MM Chowdhury, PA Coughlin
Division of Vascular & Endovascular Surgery, Addenbrooke's Hospital, Cambridge University Hospital Trust, Cambridge

12.50 – 12.59
Perioperative blood glucose levels influence outcome after infrainguinal bypass and endovascular therapy
J Silicks, SD Patel, L Biasi, T Donati, T Lea, H Zayed
Guy's and St Thomas’ NHS Foundation Trust

13.00 – 13.30
CHEE SOONG MEMORIAL LECTURE
Introduced by Mike Jenkins and Rachel Bell

Getting it right first time, every time, for the rest of time
Professor Mike Horrocks
BSET ANNUAL MEETING: THURSDAY 29TH JUNE – FRIDAY 30TH JUNE
TORTWORTH COURT HOTEL
FINAL PROGRAMME

13.30 - 13.35
PRESENTATION OF PRIZES AND CLOSE

13.35 – 14.30
LUNCH
